

Mr. Tran Tuan Anh - Head of the Central Economic Commission, Former Minister of Industry and Trade

"Within the framework of the Supporting Industry Development Program approved by the Prime Minister, VIMEXPO is the first international exhibition on manufacturing and supporting industries in Vietnam, sponsored and directed by the Ministry of Industry and Trade. VIMEXPO 2020 will become an "ideal meeting point" between businesses, creating opportunities to form and develop domestic value chains through effective investment attraction and promotion of business connections and linkages between Vietnamese and multinational enterprises, domestic and foreign manufacturing and assembly companies; contribute to concretizing Resolution No. 115 dated August 6th, 2020 of the Government"

**Mr. Ivo Sieber
Ambassador of Switzerland to Vietnam**

"Owing to the Government's decisive and successful actions in containing the spread of COVID, Vietnam is an attractive location to host supply chains, especially also in the manufacturing and supporting industry sector. Today's event is a key milestone of the on-going Vietnam Private Sector Competitiveness Project co-funded by the Swiss and UK Government and jointly implemented by the International Finance Corporation (IFC) and MOIT's Vietnam Industry Agency."

**Mr. Kyle F. Kelhofer
IFC Senior Country Manager**

"IFC is proud, together with our development partners, Swiss Secretariat for Economic Affairs (SECO) and UK Prosperity Fund, for accompanying Vietnam's supporting industry the last 4 years to help upgrade Vietnam supplier's capabilities so they can join and move up in the global value chains. The suppliers who participate in the Vietnam Supplier Development Program implemented by the Industry Agency in partnership with IFC, SWISS SECO and UK Prosperity Fund are present at this exhibition today to show the results and improvements achieved under the pilot SDP"

OBJECTIVES OF VIMEXPO

VIMEXPO, with the mission "CONNECT TO DEVELOP" among State management agencies, Suppliers of manufacturing and supporting industrial products, and potential Buyers as well as domestic and international investors, would contribute to:

- ➔ **Strengthening brand promotion, business matching;**
- ➔ **Updating information and answering questions about relevant policies and regulations;**
- ➔ **Promoting investment attraction of FDI enterprises;**
- ➔ **Expanding on-spot export capacity for domestic enterprises;**
- ➔ **Increasing the ability to access global supply chains;**
- ➔ **Helping enterprises recover and develop in the context that the Covid-19 pandemic still poses a threat to Vietnamese and global economies.**

Exhibit Profile
